FALL PRICE LIST, 1932

Paul-Ham Gardens

"Our Business Is Growing"

*821 SEVENTH AVENUE
LEWISTON, IDAHO*

TERMS OF SALE

All prices made are for cash. However, we will hold goods until March 1st, 1933, if 25% is paid down to hold order. Prices here hold until issuance of spring list in January, 1933. All stock is offered subject to prior sale.

We never substitute varieties without your permission. If you can use substitutes, please note. In case size is sold out, we will substitute next size unless forbidden, giving at least equal value.

No item filled for less than 20c. If list states 10 bulblets for 10c we will fill order for that amount. If it states, for instance, 100 bulblets for 90c, please order at least 20c worth. No order accepted for less than \$1.

All prices in this catalog include packing and transportation to any place in the United States or Canada. Foreign countries please add 15% for postage. We ship to Dec. 10th in the fall and after March 1st in the spring at our own risk. If you wish your bulbs during the winter you assume the possibility of their loss by freezing. We reserve the right to ship by either mail or express.

On account of the present fluctuation of foreign exchange, we must ask customers in foreign countries to remit by international money order or United States exchange. Foreign currency will be credited only at exchange rate current when received.

DISCOUNTS

A discount of 5% will be given on all orders before December 1, 1932.

A discount of 15% is offered to customers who will pay transportation charges. In this case, parcels post shipments will be sent C. O. D. for charges.

Quantity discounts will be given as follows: 5% on \$10 or over; 10% on \$25 orders; 15% on \$100 orders.

Above discounts apply to cash orders only. They do not apply to collections or to the following varieties: Acadia, Andreas Hofer, Blue Admiral, Coronation, Debonair, Golden Cup, Hercules, Mrs. T. E. Langford, Newington, Noel L. Reeve, Red Phipps, Rideau, Rapture, Smiling Maestro, Valencia and Wasaga.

WE PROTECT YOU

We will sell you an order of bulbs at as low a price as any other grower's list gives you. If after you make out your order, you find the prices of some other grower are lower for the total amount, remit the amount other grower's list calls for, mentioning his name.

If after you get our spring catalog, you find that you can buy an order sent us in the fall at a cheaper price from spring list, apprise us of the fact and we will send extra bulbs to make up for any deficiency.

PLEASE READ THIS CAREFULLY

In getting out this list, we have tried to economize on space, shortening descriptions and listing each variety in just one quantity. To do this we have figured out the following system.

Where listed by 1000 only, divide by 8 to get the 100 price. If listed by 100 only, divide by 8 to get the 10 price. Where the 10 price only is given, divide by 9 for the each price.

The above may take a little figuring but we believe this system is equitable to all. As is usual, five or more will be sold at 10 price. 25 or more at 100 price and 250 at 1000 price. On many kinds we can supply bulbs in thousands and bulblets by the quart. Write us.

All bulbs guaranteed true-to-name and free from disease. We have been unable to find any trace of gladiolus thrips in our gardens so believe we have as yet escaped this pest.
